Virtual Prep at Monterey

IMPORTANT ENROLLMENT UPDATE

Recently, the CA legislature passed Assembly Bill AB77 & Senate Bill SB98, which limit funding for public schools to their 2019-20 enrollment levels. While the Virtual Preparatory Academy @ Monterey had planned to grow enrollment for the 2020-21 school year, the new legislation makes that impossible, as we will not receive funding to serve additional students over the number enrolled last year. Due to this change, we have made adjustments to our current offering for the 20-21 school year. **At this time, we will not be accepting enrollments in grades 3-12.**
